The gates of Morken lay in sight, this war is coming to  
an end

Behind the walls of the darkest place we'll see the  
Angel fall from grace

Witness the end of flowing tears, the final chapter of  
our dreams

This lonely figure charges still, revenge fire within

We are so close we feel their pain these brothers lost  
won't remain the same

On wings outraging we must slain, win our freedom  
again

We came so close we feel their pain, we are so close  
they feel our return

This is our time, our brothers were left behind, a silent  
and broken race

Shall we prevail in fight, we'll turn the wrongs into  
rights

The Angel will fall from grace

Fire, burn in the dark winter sky, this madness will  
come to an end

Endless bliss for the children of Light, the Giants will  
rise and defend

Each fallen calls a thousand more, a frantic carnage  
with no end

Behind the walls of the darkest place we'll see the  
Angel fall from grace

Close your eyes, feel the dreams are fading: The  
Godsent supremacy

Close your eyes, now the dreams are ending: Let's  
embrace our legacy

The gates of Morken lay in sight, this war is coming to  
an end

Behind the walls of the darkest place we'll see the  
Angel fall from grace

Witness the end of flowing tears, the final chapter of

our dreams

This lonely figure charges still, revenge fire within

We came so close we feel their pain, we are so close

they feel our return

This is our time, our brothers were left behind, a silent  
and broken race

Shall we prevail in fight, we'll turn the wrongs into  
rights

The Angel will fall from grace
