Seven gems of light,  
A gift from gods to save our lands  
United we'll fight  
Facing hate and lies we scream for revenge

Guided by their light  
Our power glows together we stand  
Gods are on our side  
United we'll fight, war comes to an end

Asleep for years, in the silence they wait  
The hour when chaos will come  
The stones of freedom

One for every land  
For a thousand years their power awaits  
Now it will soon rise  
For Osyrhia's freedom will shine again

Asleep for years, in the silence they wait  
The hour when chaos will come  
The stones of freedom

Guardian stones,  
True defender of the holly land  
Sacred fire of a divine hand  
Servants of humanity  
Save us

Guardian stones,  
Mystery sent by a twilight god

Resting on seven altars of gold  
In the whisper of the wind

Somewhere in time  
The call of gods will thunder  
And awake the servants of light.

Seven gems of light,  
A gift from gods to save our lands  
United we'll fight

Facing hate and lies we scream for revenge

One for every land  
For a thousand years their power awaits  
Now it will soon rise  
For Osyrhia's freedom will shine again

Guardian stones,  
True defender of the holly land  
Sacred fire of a divine hand  
Servants of humanity  
Save us

Guardian stones,  
Mystery sent by a twilight god  
Resting on seven altars of gold  
In the whisper of the wind

Somewhere in time  
The call of gods will thunder  
And awake the servants of light.
