A new age dawns before my eyes, I can feel the ars
divine

With the sun above we'll build our holy land

What a sight to see a future yet to come

Now we become as one with the feeling of heaven

A better age will surely rise, forget the pain, embrace
the light

"The sacred gift of innocence"

Darkness is down, alive we stand, Gods' children come
redeem your holy land

What a sight to see a future yet to come

Now we become as one with the feeling of heaven

A better age will surely rise, forget the pain, embrace
the light

"The sacred gift of innocence"

Darkness is down, alive we stand, Gods' children come
redeem your holy land

Now we are close to a new world coming, blessed be
the light in our souls

No more we'll follow the blind "And His lies won't be
heard"

We'll be the masters of our lives

Now we are close to a new world coming, blessed be
the light in our souls

No more we'll follow the blind "And His lies won't be
heard"

We'll be the masters of our lives

Beyond the crystal gates under the sun will rise.

Enlighten our time

Usher a better time. The future is thine

A better age will surely rise, forget the pain, embrace
the light

"The sacred gift of innocence"

Darkness is down, alive we stand, Gods' children come

redeem your holy land

Now we are close to a new world coming, blessed be
the light in our souls

No more we'll follow the blind "And His lies won't be
heard"

We'll be the masters of our lives

On this day, we will fly away like an eagle soars to
another shore

We are flying high on the events tide. Blessed be the
one who guides us

Higher, take me higher

The dreams sent by the gods live forever now forever
