Too many long conversations
And no one is hearing a word
Trying to escape the frustration
Till a song in the night
Can be heard

(CHORUS)

Put on your dancing shoes
Throw out those one night blues
Cause here's one to love
And to chance for a spin
On that wheel of romance

Too slow to unriddle your problems
Too lonely for someone who cares
Long, lonely silence keeps haunting
Till a song in the night
Finds you there

(CHORUS)

With a face like an angel
She's waiting
She smiles and looks over at you
You've longed for this situation
Now finally, your dreams
Have come true, oh, oh, oh

Put on your dancing shoes
Sweep her away with you
Cause here's one to love
And to share

Caught on that wheel
Caught on that wheel
Caught on that wheel of romance

Just you and me, baby
Dance all night long
Just for a dance with you, baby
Dance all night long
(All night, darling)

Dance all night long
(Dance with me all night long)
Dance all night long
(Just you and me
All night long, darling)
