Ooo eeee
I can't stay away

If the sun doesn't shine
In the morning times
And it feels like what we're doing
Ain't working
What are we gonna do
About me and you
'Cause I wanna try and make this thing perfect

Ohh yeah

If you try to find a way
To go a separate way
Feelings like these just don't go away
Boy these feeling just don't go away

[Chorus:]
'Cause it's the way you love me
'Cause it's the way you kiss me
It's the way you touch me
I can't stay away

'Cause it's the way you hold me
The way you bother talk to me
It's just the way you love me
I can't stay away

Soft boy soft boy
Love me softly
Make me I can stay

Baby come on
Just can stay away

We've been trying to figure out
If all we have it's worth it
But I believe we... our time to make it
To make it still burn
To make it all right
So what if there are some of you people don't make it

through
We can do this we don't have to...

We can try to find a way
To go separate away
But feelings like these just don't go away

[Chorus:]
'Cause it's the way you love me
'Cause it's the way you kiss me
It's the way you touch me
I can't stay away

'Cause it's the way you hold me
The way you... talk to me
It's just the way you love me
I can't stay away

Baby baby baby
Can't you see?
Somehow your love has hypnotized me
