Baby, don't be afraid of  
Afraid of my love

Since we've been together, baby  
It hasn't been too long  
But I slowly feel myself  
Falling love again

And I want to give you more  
Of what I have inside  
But if I open up to you  
Baby, you've got to love me too

Every time I think about the  
Time we spend together, baby  
Holding hands and making love

Long walks and morning talks  
I can't believe you only thought  
That we were friends  
Boy, you can't pretend

Baby, don't be afraid of  
Afraid of my love  
My baby, don't be afraid of  
Afraid of my love

Take some time to listen, boy  
It's not so hard to do  
Why can't you understand  
After all that we've been through

If you cut away your pride  
And search within yourself  
I know you'll change your mind  
'Cause I'll be with someone else

Baby, don't be afraid of  
Afraid of my love  
My baby, don't be afraid of  
Afraid of my love

Every time I think about the  
Time we spend together, baby  
Holding hands and making love

Long walks and morning talks  
I can't believe you only thought  
That we were friends  
Boy, you can't pretend

If I didn't have you, baby  
I don't know what I'd do  
'Cause you make me happy  
And I'm giving you all my love

I never want to be without you  
I don't know what I'd do  
'Cause you make me happy  
So boy, don't be afraid of my love

Baby, don't be afraid of  
Afraid of my love  
My baby, don't be afraid of  
Afraid of my love

Baby, don't be afraid of  
Afraid of my love  
My baby, don't be afraid of  
Afraid of my love

Ooh, oh baby, baby, don't be afraid
