I can remember the day and time that we broke up
It was December and the holidays were coming up
I didn't expect to lose all of the time I shared with you
But now that it's gone I find myself longing for you

No doubt about it I'm sorry for the way things worked
out
If I could change it I would change it but I don't know
how
No I can't ain't no need to cry when I know the reason
why
You chose to leave me but I still wish you were here
with me

Yes, it's true I can't get over you
No matter what I do
Even if I try I, I can't get over you

I can remember calling your phone and hanging up
'Cause I was too afraid to talk, if by chance you picked it
up
But now that I done thought about it, I'd feel better if we
talk about it
And let you know what's on my mind, see I wanna try to
make things right

No doubt about it I'm sorry for the way things worked
out
If I could change it I would change it but I don't know
how
No ain't no need to cry when I know the reason why
You chose to leave me but I still wish you were here
with me

Yes, it's true I can't get over you
No matter what I do
Even if I try I, I can't get over you

Lately I've been doing some reminiscing
I'd be lying if I said that I don't miss you
What's done is done and I'm willing to live in the past
'Cause now I need you back, yeah it wasn't so bad

Yes, it's true I can't get over you
No matter what I do
Even if I try I, I can't get over you

Yes, it's true I can't get over you
No matter what I do
Even if I try I, I can't get over you

I can't get over you, I can't get over you
No I can't get over, there no way I can't get over
I can't get over you, alright yeah yeah
