If you ever loved someone who
Never took the time to know
You
Nothing that you say
Ever gets through
Listening but they don't heear you
If you just going through the motions
Everyday is so monotonous
Baby I'm just being honest
It was over before we staaarted

I was gone already, gone already
I WAS GONE
Understanding now your'e ready
But I already been gone
I already been gone
Gone already,
Gone already
Nothing else you can tell me
Cos I already been gone,
I already been gone

I was feeling like a dead man WALKING
Numb from all the pain you're causing
HOPING that things would change
But you never gave me that OPTION
There's so many things you don't
Do to make me overlook the WRONG
This is not the way that LUVV should be
I guess that you're not the MAAN
For meee
Gone already, gone already
Soo gone
Understanding now you're ready
Now you're ready
But I already been gone
Gone already,
Soo gone
Gone already
Nothing else you can tell me
And you know that I'm gone already
I already been gone

Packed my bags, made up my mind
Broke that lease and
Left the keys behind
Hoping I can make it disappear
I can be a million miles from here
Obbbbbbbligation, made me stay
As long as I did that's my mistake
But just holding on when
When I know that

I already gone

I already been gone
Gone already
Understanding now you're ready
But I already been gone
Gone already
Gone already
Nothing else he can tell you
Cause I already been gone
I already been gone
If you ever loved someone who
Never took the time to know yoooouuuuuu
Ooooooh
Going through the motion
Every day is soooo monotonous
AlIIIIIIready been gone
