[Chorus]

All I ever wanted was your love and devotion
I wasn't looking for my heart to be broken
You know I ain't waiting around
Bet you wish you wouldn't love me now, now

I can reminisce all the years that we've shared
I could be wishing that you were still here
Baby I've been there, already did that
But I ain't tryina look back, no, no

[Chorus] x 2

All I ever wanted was your love and devotion
I wasn't looking for my heart to be broken

You know I ain't waiting around
Bet you wish you wouldn't love me now, now

I could be bitter but what would I gain
Matter of fact I don't wish you no pain
Do you think that you could walk a mile in my shoes
If I did the same to you, you

[Chorus]

All I ever wanted was your love and devotion
I wasn't looking for my heart to be broken
You know I ain't waiting around
Bet you wish you wouldn't love me now, now.
