Give me the reason
That I want

Give me the reason to love you
And I want to love you more
Give me the reason to love you
And I want to love you more

Sitting in here thinking about you
And all the joy you bring
Oh baby, I just can't live without you
'Cause your love means everything

Give me the reason to love you
And I want to love you more
Give me the reason to love you
And I want to love you more

Honey, I've got to tell you
Just how you make me feel?
Oh baby, my love will never leave you
'Cause I will be right here

And you know that I would do anything
Not to lose your love, not to lose your love
'Cause your love gives me the reason
And I want you more each day, I need

Give me the reason to love you
And I want to love you more
Give me the reason to love you
And I want to love you more

Give me the reason to love you
And I want to love you more
Give me the reason to love you
And I want to love you more

And you know that I would do anything
Not to lose your love, to lose your love
'Cause your love gives me the reason
And I want you more, I need

When I can't seem to find my way
You brighten up my darkest day
The reason to love you more

When I can't seem to find my way
You brighten up my darkest day
The reason to love you more

When I can't seem to find my way
You brighten up my darkest day
The reason to love you more
