Theres this feeling that you give to me (That no one else can give)
Baby, it feels like I'm dreaming, you take me away to another place (somewhere that only we can find).

Chorus: bah bah dah bah bah dahhhhh, love will be right here, my love will be right here
you dont have to worry baby, cause i aint going no where (love will be right here) its going to be right here

You do it so good can't nobody do it better
Baby boo you got my love and I'll be here forever

You do it so good can't nobody do it better (can't nobody do it better)
Baby boo you got my love and I'll be here forever (ohhhh forever and ever, and everrrrrr)
