"Stonewall"

I fought a thousand battles with my mind, my love, my
soul within
In most of them I hit the ground
Made some impossible decisions
Took the road of lonely visions
Would they be my only weapon

I need to know
How I haven't lost the heart
How I haven't fell apart
Even through the hardest times
I'm still standing at the stonewall
And when we even win a prize
Can't lose me even if you try
It must be something deep inside
It's got me standing at the stonewall

Sitting, thinking 'bout the past
Wondering how I made it past
Even in the darkest valleys
Now that the break of day begins
I ready myself for a win
Come and get me if you think you can

I need to know
How I haven't lost the heart
How I haven't fell apart
Even through the hardest times
I'm still standing at the stonewall
And when we even win a prize
Can't lose me even if you try
It must be something deep inside
It's got me standing at the stonewall

Sure as the sun will rise daily
Nothing to come between you and me
That is where you pulled up your string
To help you through the day
Strong and immovable
Just like the stonewall (stonewall)
Baby face it out

I am still standing at the stonewall

I fought a thousand battles with my mind, my love, my
soul within
That must be the call of salvation

I need to know
How I haven't lost the heart
How I haven't fell apart
Even through the hardest times
I'm still standing at the stonewall
And when we even win a prize
Can't lose me even if you try
It must be something deep inside
It's got me standing at the stonewall
