From the moment I laid my eyes upon you  
I knew that I wanted to  
Take a chance on something new  
I remember how I felt on that day  
When you took my breath away  
Words could not explain

And I knew from the start, from the beat of my heart, it  
was true  
I had to have you  
I don't know if it's real, but I know how I feel about you  
There's somethin' bout the way you move  
Somethin' 'bout the way you move  
You're style is crazy sexy baby, I really like it  
I been holding back so long but this feeling's getting  
stronger  
There's something bout the way you move

When I see you I can't even lie, you always blow my  
mind  
And I start to feel those butterflies  
Like a little kid in a candy store, I want it more and  
more  
It's just a matter of time before I make you mine

And I knew from the start, from the beat of my heart, it  
was true  
I had to have you  
I don't know if it's real, but I know how I feel about you  
There's somethin' bout the way you move  
Somethin' 'bout the way you move  
You're style is crazy sexy baby, I really like it  
I been holding back so long but this feeling's getting  
stronger  
There's something bout the way you move

Snoop Dogg:  
I move like I'm glidin, smooth like I'm ridin'  
Get up, get out, get yours now get mines in  
.....  
Connected like Verizon

Can you hear me now? Tell me, tell me how you like it  
I'll stay with you if you stay with me  
I got faith in you, you got faith in me?  
We'll take flicks together, two steps together  
Dancin, glancing, takin chances  
I'm chillin like feelin like this is  
The one that I'm gon make my Mrs  
We're high when we touch, ..... tough  
We lie in the cut, I don't do much  
Being wit you, being wit me  
Seeing it thru, faithfully  
I'll wait for you if you wait for me, gracefully, patiently

Somethin' 'bout the way you move  
You're style is crazy sexy baby, I really like it  
I been holding back so long but this feeling's getting  
stronger  
There's something bout the way you move
