This song right here
Goes out for all my brothers and sisters
All across the land
No matter what you're going through
You gotta keep your head up
'Cause God is with you
God is with you

Troubled world that I see
Every day through my eyes
So beautiful God created the all
Many people many places
Lord have mercy
My Earth was separated

[Chorus:]
And I'm just trying
To get along
In this world on my on
And I'm just trying
To get along
In this world on my on

I shall never worry
'Cause I'm not alone
God is with me
And I know He won't let me go
So if you are out there and you're lonely
Just remember Faith is... and holding on

[Chorus:]
And I'm just trying
To get along
In this world on my on
{On my on}
And I'm just trying
To get along
{All I can do is trying}
In this world on my on

And it's all a part of life
All the pain and the strive

One day will understand
That there is a master plan
There is a reason for all we're going through
There is a promised land
And He promised it to me and you

[Chorus:]
And I'm just trying
To get along
{To get along}
In this world on my on
{In this world}
And I'm just trying
To get along
{All I can do is try}
In this world on my on
{In this world on my on}

I'm still trying

[Chorus:]
And I'm just trying
To get along
{I gotta get along}
In this world on my on
{I just want to get along}
And I'm just trying
To get along
In this world on my on
{On my on}
