6 years 5 months
That's how long we've been havin'
This thing we got
Every moment hasn't been perfect
But still when it's perfect it feels
Like we're the only two people
Who have somethin' real
Now 3 years 2 weeks
That's how long we've been raisin'
Our family
And I wouldn't go tradin'
The love that we got
So don't go changin'
I love you just the way you are

[Chorus:]

It's true love
When you say you need me
Like I need you
And you can't be without me
Like I can't be without you
It's true love
When we spend time talking on the phone
Cause when we're not around each other
We don't wanna to be alone
It's true love, love, love, love
Don't you know that it's good to be in love, love, love,
love
Just believe me truthfully cause
Love
Is never ever makin you cry
Before I tell you a lie
I'll give you my life
Cause that's true love

[Verse 2:]

Now when the love is right
Somehow you just know
Because you hold it tight
And you don't want to let it go
And it's so deep inside of you that
You just can't take it cause it

Fills up your heart
And you just,
You can't replace it oh no
Somebody's makin love
Non-stop tonight
And they can't make enough
I know what it feels like
Grab your lover by the hand
Say that you understand
How love really works
So good that's it hurts

[Chorus:]

It's true love
When you say you need me
Like I need you
And you can't be without me
Like I can't be without you
It's true love
When we spend time talking on the phone
Cause when we're not around each other
We don't wanna to be alone
It's true love, love, love, love
Don't you know it's good to be in love, love, love, love
Just believe me truthfully cause
Love
Is never ever makin you cry
Before I tell you a lie
I'll give you my life
Cause that's true love

[Bridge:]

Cause I don't need nobody but (I,I,I)
You in my life oh baby (I,I,I)(no,no,no)
Those of you that understand what I'm sayin'
Sing along with me say I
Cause I don't need nobody but (I,I,I)
You in my life oh baby (Oh,I,I)(no,no,no)
Those of you that understand what I'm sayin'
Sing along with me say

[Chorus:]

It's true love
When you say you need me
Like I need you
And you can't be without me
Like I can't be without you
It's true love
When we spend time talking on the phone
Cause when we're not around each other
We don't wanna to be alone

It's true love, love, love, love
Don't you know it's good to be in love, love, love, love
Just believe me truthfully cause
Love
Is never ever makin you cry
Before I tell you a lie
I'll give you my life
Cause that's true love
