Oh whao whao whao wo  
Oh whao whao whao wo

I've tried with all my might  
Still don't understand  
Why we ever let it get so out of hand?  
My arms are reachin' out and holdin' on tight  
To what has always felt so right  
(Woo ooo)  
It's hard to figure out the answers to the questions  
(Woo ooo)  
When both our lives are goin' in separate directions

One is breakin' into two  
(One)  
And my heart is turnin' blue  
And you still don't get it, do you  
(Do you)  
I thought, we had all the love  
(Thought)  
To go it for the long run  
So before that damage is done  
Let's start back over at one

Lights out when every evening used to get so hot  
Now, we got so damned distracted we forgot  
How to lock the world away  
And just get lost in  
Where you end, where I begin  
(Woo ooo)  
Love is strong but it's so easy to divide  
(Woo ooo)  
So boy let's think about, how much is on the line?

One is breakin' into two  
(One)  
And my heart is turnin' blue  
And you still don't get it, do you  
Do you  
I thought, we had all the love  
(One)  
To go it for the long run

So before that damage is done  
Let's start back over at one

Woo  
Ahh, ahh, ahh, ahh, ahh, ahh

Whao  
One is breakin' into two  
My heart is turnin' blue  
And you still don't get it, do you  
Do you  
I thought, we had all the love  
(Thought)  
To go it for the long run  
So before that damage is done  
Let's start back over at one

One is breakin' into two  
(One)  
And my heart is turnin' blue  
And you still don't get it, do you  
Do you  
I thought, we had all the love  
(Thought)  
To go it for the long run  
But before that damage is done  
Let's start back over at one

Hmm mmm mmm  
Start back over at one  
(One)  
(We got to start back over)  
Yeah yeah yeah  
(Whao whao whao whao whao)  
Oh whao whao whao  
(We got to get him back, start that over at one)  
(Get back, got to get back)  
Ohh, get back  
Start back over at one  
(Whao whao whao whao whao)  
(We got to get him back, start that over at one)  
Oh whao whao yeah  
(Get back, got to get back)  
(Start all over at one)

One is breakin' into two  
(Get back, got to get back)  
(Start all over at one)  
(Whao whao)  
My heart is turnin' blue  
(Get back, got to get back)

(Start back over at one)  
(Whao whao)  
One is breakin' into two  
(Get back, got to get back)  
(Start back over at one)  
(Whao whao)  
And my heart is turnin' blue  
(Get back, got to get back)  
(Start back over at one)  
(Whao whao)  
One is breakin' into two  
(Get back, got to get back)  
(Start back over at one)  
(Whao whao)  
And my heart is turnin' blue  
(Get back, got to get back)  
(Start back over at one)  
(Whao whao)  
One is breakin' into two  
(Get back, got to get back)  
(Start back over at one)  
(Whao whao)  
And my heart is turnin' blue  
(Get back, got to get back)  
(Start back over at one)  
(Whao whao)
