It's not easy
Trying to understand
How the world can be so cold
Stealing the souls of man
Cloudy skies rain down
On all your dreams
You wrestle with the fear and doubt
Sometimes it's hard, but you gotta believe

There's a better place
Where our Father waits
And every tear
He'll wipe away
The darkness will be gone
The weak shall be strong
Hold on to your faith
There will come a day
There will come a day

Wars are raging
Lives are scattered
Innocence is lost
And hopes are shattered
The old are forgotten
The children are forsaken
In this world we're living in
Isn't anything sacred
There's a better place
Where our Father waits
And every tear
He'll wipe away
The darkness will be gone
The weak shall be strong
Hold on to your faith
There will come a day
There will come a day

Song will ring out
Down those golden streets
The voices of earth
The angels will sing
Every knee will bow

Sin will have no trace
In the glory of His amazing grace
Every knee will bow
Sin will have no trace
In the glory of His amazing grace
There will come a day
There will come a day
Oh, there will come a day
There will come a day
I know there's coming a day
Coming a day
