[Intro: DJ scratching]

"Niggas bit off Nas shit" - Ghostface Killah

"Admit it, you bit it" - G. Dep

"Niggas bit off Nas shit, niggas, niggas, bit off, Nas shit" - Ghostface Killah

"Admit if, you bit it, bit it" - G. Dep

(Repeat)

[Verse 1 - 50 Cent]

You can be a ridah and ride, or a coward and hide

Either way you go against me, you still gon die

I got four macs, a few nines, I'm ready for beef

You wanna talk, it ain't about money, then let it be brief

I need a drop for when it's a hot, a hummer for when
it's cold

An ill attorney's in my corner when these fake niggas
fold

The shit I kick fuck with niggas mentally, makes them
wanna mention me

And see me doing a quarter century in the penitentiary
Nastradamus predicted 50's the future, that's a fact
money

I run up on your workers with the mac, like where that
pack money

I'm a tell ya'll what Papi told me

I got what you need, 19,5 a key

I stay catching a stunt, frontin' in somethin' mean

And I'll clap any nigga for the right amount of cream

Run up on them all with the same problem solver

Beat up ass, tape on the handle, trey eight revolver.

What!

[Chorus]

Projects too hot, niggas better hope we never hit rock

Cause then we gonna run up in your spot

Screamin' get the fuck on the floor, give us the Ro'

(Repeat)

[Verse 2 - Nature]

Aiyyo, aiyyo, aiyyo, aiyyo

I'm like Sugar Shane Mosley, it ain't no beef

You're staring, a ticket holder that sits in row three
Next to Ron Artest and Kobe
Yo I woulda went pro too, then I let them phillies slow
me
I'm like a black man's asthma, seeking a pump
Breathin' deeper when I'm creeping up
Ya'll need to fuck with the tightest, I stick niggas
Ensevilitus, leavin' whole families in silence
My virus is obvious, past on to most rap fiends
Un cured, ain't no vaccine
Last seen at the automatic teller machine, maxing out
Or in the studio booth, blacking out
It's Con Ed style, real twisted, I disappear on some Blair
Witch shit
Comin' back I'm rich kid
Either or, you can't stop me with my feet in the door
Or walk away from the street or the morgue, play your
part nigga.

[Chorus - Last line cut off]

"Niggas bit off Nas" - Ghostface Killah

"Admit it, you bit it" - G. Dep

"Tell these niggas somethin' God" - Ghostface Killah

[Verse 3 - Nas]

What, yo

I disturb niggas and white boys, with five pointed stars
Tatted on they arms, pimp your moms, like I'm Magic

Don Juan

From Queens to Hong Kong, weed in the bong

We smoke that, leave our minks on the coat rack

Those that plot on me, nine times outta ten the nine is
on me

Feds search the God, but nothin' they find on me

When I rap don't wait to clap applaud sooner

Unless you hate a nigga like George Bush Jr., I bring
awkward to you

Porsche maneuvers thru the city like New York sewers
Stinkin' up the air, Central Park, horse manure

Rims is 22 inches, Benz suspensions

22 inch dick when I'm pimpin'

Impotent you niggas get me sick, wanna be soundin'
like

You knowin' my arithmetic, but we don't sound alike

50 Cent with Braveheart-ed, we ride to the grave
depart us

You fake niggas imitate what I started, let's go

[Intro - Once]

[Chorus]
