Look through the glass
What can I see there
These past few years have been such a blur
These times have changed
And I don't know you
It's time for you to move on with your life

I feel your ship is sinking
I feel your ship is sinking

What will it be like when you're gone
Will we have the strength to move on
Or will we be another yesterday

Yeah, there were times
When it seemed like
Our whole world was crashing right now
And now it's time for you to choose your own life
Yeah, it's time for you to move on

What will it be
What will it be
