You never looked so good as you did last night
Underneath the city lights
There walking with your friend, laughing at the moon
I swear you looked right through me

But I'm still living with your goodbye
And you're just going on with your life

How can you just walk on by without one tear in your
eye?
Don't you have the slightest feelings left for
me?
Maybe that's just your way of dealing with the
pain
Forgetting everything between our rise and fall
Like we never loved at all

You, I hear you're doing fine, seems like
you're doing well
As far as I can tell
Time is leaving us behind
(Time, leaving us behind)
Another week has passed and still I haven't
laughed yet

So tell me, what your secret is, baby?
(I wanna know, I wanna know, I wanna know)
To letting go, letting go like you did, like you did

How can you just walk on by without one tear in your
eye
Don't you have the slightest feelings left for
me?
Maybe that's just your way of dealing with the
pain
Forgetting everything between our rise and fall, oh
(Ooh)
Like we never loved at all

Did you forget the magic? Did you forget the passion?
(Passion)
Oh, and did you ever miss me and long to kiss me?

Oh baby, baby
(Oh baby)

Maybe that's just your way of dealing with the
pain
Forgetting everything between our rise and fall
Like we never loved at all
(At all)
