"HEY!" WHAT?? "Oh nothing, just wondering why it is
you're doing
that whatever it is you're doing. "Oh yeah, why?" I
dunno it just
doesn't seem like something >you'd< be doing that's
all >you< of all
people, know what I mean? "Yeah I know it's been bu
gging you since the
day I was born, huh? I asked my friend Anne about it. I
said, 'Anne,
Anne, Anne, what am I supposed to do, it's been
bugging them since the
day that I was born.' She said 'Do whatever the hell you
want to do!
Now is the time to do w
hatever you want, and it will still turn out
great. You've got the world at your feet.'" I
never claimed to be different, I only said I was bored
and she's
tired of your uniqueness, it sends her over head first
then the rest
of her follows, the breath
of life, it never left her hollow...

I can do everything, she said, she said with a smile.
And I can go anywhere tonight, cause I'm with Anne.
Anne, Anne, Who? Anne Dagnabit Island princess
queen with the juice
What's this? I see she brought her whol
e uplown contingent. First there's
Jon E., he always loves a party, he's followed by Vinnie,
who's feelin'
kinda skinny, he says "Hey Anne I'm starved what you
got to eat, she
says "Vinnie you're always starving man get away from
that fridge!
Here come
s Lucy, she's feelin' really sexy, she's followed by her
boyfriend, who'd better not turn around, this time, or
he's bound to lose
her, and here comes Jamilla, who's got the cream
soda...

I can do everything, she said, she said with a smile
And I can
go anywhere tonight, cause I'm with Anne
