"[spoken]You look beautiful today, where you goin? Oh really, don't come back. Stay out! Dear Esther, farewell. I was only kidding. Bitch. Come back, I didn't mean it. Said I was only kidding. Wait a minute. Only kidding. Come back! I didn't mean it! Oh well...[/spoken]

And after all the feelings go, I see I still love you so,
I just thought I'd let you know now that everything's
okay,
And you are on your way back, back from where you
came,"
She said with pain in her heart, it was there from the
start.
Now I know why everything turns grey, but it's our own
world we paint
And I want the brightest, I want fluorescence every day
and night
For the rest of my life, open your eyes, won't you?
Can't you see you're so beautiful to me?

Won't go on, just can't go on like this...no more.
Don't look back as a matter of fact there's
A ten foot Jack wants to break your back
You stole his girl, you wrecked his world
Now it's your your head that he's gonna twirl
He won't think once, he won't think twice
Cause he knows just what he's gonna do tonight
He will commit a crime, a crime of love
And he won't be happy till he sees your blood

Looking back on when you left me
Standing in the rain
Don't look back as a matter of fact there's
A son of a bitch and he's digging a ditch
For you my friend, my lucky one
So grab your things it's time to run to the other side
Where love takes pride, and your souls
The only thing that stays alive
Ma maooba goo goo ga ga
Hey! Quit talkin that terminal jive!
Looking back on when you left me

Crying in pain
Said! Don't look back...[1st verse]
Looking back on when you left me
Standing in the rain, in-credible pain
I understand. You have to be your own person. Well
that's ok with me.
Hey, hey, hey, hey, hey, hey, hey, hey! What?
Hurts, Hurts, Hurts, Like a like a motherfucher
Love. It kills. Oh man. Like a sonofabitch.
That feeling. It gets me. Way down there, inside me.
We're nothing deep down there where only bad things
grow.
