We went to the shooting-match,
speaking for myself,
she looks like a german girl
black-brown is the hazelnut
black-brown is her hair
Oh my ???? girl, days ????
lie down, shit, of course not with him
the shooting-match, never seen again
We're making love in the pigs trough
My trousers are exploding because of my dick
She thought I was a ???
Her ??? was like an ice-bone.
Oh my ???? girl, days ????
lie down, shit, of course not with him
the shooting-match, never seen again
Oh... bell ... yes yes .. Dog ... Dog away
Dog away, Asshole... DOG AWAY
She makes a white-sausage out of my dick
She's dancing ?????? and Shoe-plattler
Her arm pit was fresh and smelled like
summer morning ... summer morning
Oh girl ??????? her bra,
Shit, weekend! but not with her
the shooting-match, never seen again
... never seen again.
