Day is warm, I hear
The wind and the trees
I know Im there, but I'll never be...
The wind is soft tonight
The tide is low
And I know the way
I never felt better, now

Sometimes life, it moves too slow
Slows to a crawl,
And then the poetry is lost
And without speed,
Hope becomes certainty
And for once, Im certain
I never felt better, now

A garden is it's own perfect world
Where everything has a place
Mmm, every leaf, every stone
Every speck of dirt
But wheres my place?
I never felt better, now

I even tried
To get arrested today,
But everyone looked the other way
I count the hours
And I count the days
But for once, Im certain
I never felt better, now

Don't want your help
Don't need your help
Don't want your help
Don't need your help

Helpless x5
[you found a way to make me say, help me please
someone] x2

The waters clean
I see that it's full of dimes

For every wish, I wonder why
Why all I want
Is something beautiful
A place to rest
I never felt better now

(whistling)

Don't want your help
Don't need your help
Don't want your help
Don't need your help

You found a way to make me say, help me please
someone x5
[helpless] (repeated)
Found a way, found a way,
Found a way to make me say, help me please someone
[help!!!] x12
