The words are so familiar-  
All the same greats, the same mistakes  
It doesn't have to be like this.  
If you don't make a friend, now  
One might make you-  
So learn  
The gentle art of making enemies  
Don't look so surprised  
Happy birthday...fucker  
Blow that candle out,  
We're gonnaa kick you  
[don't say you're not because you are]  
[don't say you're not because you are]  
[history tells us that you are]  
[history tells us that you are]  
All you need is just one more excuse  
You put up one hell of a fight  
I wanna hear your very best excuse  
Never felt this much alive  
Your day has finally come -

So wear the hat and do the dance  
And let the suit keep wearing you.  
This year you'll sit and take it  
And you will like it -  
It's the gentle art of making enemies  
I deserve a reward  
'cause I'm the best fuck that you ever had  
And if I tighten up my hole -  
You may never see the light again  
[there's always an easy way out]  
[there's always an easy way out]  
[you need something wet in your mouth]  
[you need something wet in your mouth]  
Never felt this much alive
