I saw a man dying and I could not save him  
The ditch where he laid he appeared to be sleeping  
Seeing the light turning back to see him breathing  
With a sigh of relief I'm moving still nearer

I can't help but wonder is he a believer

Did someone watch him die in a rearview mirror  
Miracle of life gone out in an instant  
The closest that I've been why did I have to see it

I guess God has a way of bringing us around  
I guess God has a way I'm coming around
