If I never get to love you  
It won't be that I didn't try.  
I'll be trying to possess you  
Till the day I die.  
If I never get to love you  
It won't be that I ran away.  
For as long as you will have me  
Close to you, I'll stay.  
What I wouldn't give to hold you tight  
Never, never let you out of sight  
Be the one you give your first kiss every morning,  
The last one you kiss goodnight.  
If I never get to love you  
It won't be that I didn't care.  
There is nothing that I want more

Or I need more  
And my heart would surely break in two,  
If I never get to love you.  
What I wouldn't give to hold you tight  
Never, never let you out of sight  
Be the one you give your first kiss every morning,  
The last one you kiss goodnight.  
If I never get to love you  
It won't be that I didn't care.  
There is nothing that I want more  
Or I need more  
And my heart could surely break in two,  
If I never get to love you.
