[Silkk]

I click quick, cause my temper is bad

My moms don't like dat, say I got my temper from my  
dad

When I was a young nigga I used to take thangs

Get locked in my cell & day dream

Shit I been locked down since I was 18

Deep in it, No beef in it

If it's beef in it, I can't sleep in it(get tha gun & creep in  
it)

Grab tha chrome, it's on

Let it be known, ain't noway to survive

But ride or die

An niggas gotta stay high

An stay by a liquor store, right up in tha hood & shit

I'm flossed out, sittin' up on tha hood of my six

I'm just chillin' tank top like I ain't got no stress

In tha middle of tha project, no bodyguards & no vest

(I love my fans)Me & Magic & C-Murder

In a car that seat thirty

We keep tha heat dirty

Now I'm ain't tryna tell ya I'm a thug

AN I ain't tryna tell ya I sell dope

I'm not tryna convince yall I'm rich, I'ma convince yall  
I'm broke  
(shit I keep it gangsta)

[Chorus: Magic &(Silkk)]

We keep It Gangsta dawg(yo yo)
