It Breaks My Heart  
Bobby Goldsboro

We had a love, a kind of love that was so rare  
And every day you'd find some way to show me you  
cared  
And in the darkest night when things weren't goin' right  
you could turn my night into day  
When rain would start to fall I could hear you call  
and the clouds would all blow away

Chorus  
Now it breaks my heart to know that you're gone  
Oh, yes, it breaks my heart to know you're never, never  
coming home

I remember when I fell and I could tell you felt the same  
You used to say that one fine day you'd wear my name  
I dunno what went wrong I woke and you were gone  
Now I don't get along like before now you've left me  
blue  
You found someone new and I can't call on you  
anymore

Chorus  
And it breaks my heart to know that you're gone  
Oh, yes, it breaks my heart to know you're never, never  
coming home

( Musical Intervention )

Chorus  
And it breaks my heart to know that you're gone  
Oh, yes, it breaks my heart to know you're never, never  
coming home  
To know you're never, never coming home  
To know you're never, never coming home  
To know you're never, never coming home
