High hope and off I ride
Gonna make it back home
Gonna drive all night

Got some food and some coffee too
Spend the night on the road
Just to be with you

[CHORUS]

In the mornin' mornin'
I'll be with you in the mornin'
In the mornin' mornin'
Gonna get you in the mornin'

I'll make the best time I can
Keep one eyes on the mirror
For the policeman

This old car's 'bout to come unglued
But I'll drive it to death
Just to be with you

In the mornin' mornin'
Gonna get you in the mornin'
In the mornin' mornin'
I'll be with you in the mornin'

I guess that your folks were right
I'm a fool who ran to the city lights
I'll admit I've had my bad luck
But I'll be a new man
When the sun comes up

[Repeat CHORUS 3x to fade]
