I want the view from the top of the hill
Give me the view from the top of the hill

When I think of you
And your good life
And your sorrow too
How much iâ€™m missing you
No matter where i go
Or where I come to stay
This is waking up
I want this feeling
Doors wide open

And now i leave it all
Bags of trouble
And a messy mind
Oh I hope I find
Where your load is light
Where your heartâ€™s at ease
This is waking up
And feeling good feeling good

Hey iâ€™m making my mistakes
Cause iâ€™m no great shakes at being perfect
I just take my breaks and work it
Bring it to the surface
Like a scuba diver
Never nervous
Cause now iâ€™m older and wiser
Anâ€™ iâ€™ve a bold feelin
This old skin is peeln
Revealing a new layer
iâ€™m no soothsayer
But I feel itâ€™s time to leave
To polish my heart with the other sleeve

I want the view from the top of the hill
Give me the view from the top of the hill
I want the view from the top of the hill
Give me the view from the top of the hill

And feeling good feeling good
