[Nina Simone]

I want more
I want some
And then some
And do you know what I wanna hear?

I want more
I want some more
And then some
I want more [3x]

You know how I love that stuff
I want more [3x]

[Maxi Jazz]

I want more

[Nina Simone]

I want more
The waiting's been so long, so long.

I want more
Been so long

[Maxi Jazz]

I want more

More oneness, less categories,
Open hearts, no strategies.
Decisions based upon faith and not fear.
People live right now and right here.
I want the wisdom that wise men revere.

[Maxi Jazz & Nina Simone]

I want more [4x]
