[Mumbling of Sister Bliss: "Oh my god"]

Are you away
You bring [??] may care in me
Make me repair to an island in the Indian sea
And prepare to raise the temperature to mass degrees,
Overseas, watchin' the cold breeze wrestle the palm
trees,
Yes please, so hot we can barely breath
Too hot for shirt sleeves, don't tease
The keen is ever Bolden [??]
I know you like it tiff
My hands are cold
When I'm stroken ice down your round skin
Watchin' it meltin', drippin', slippin',
Into places I can only begin to imaging,
So nice, how could it be a sin?

I'm just watching ice melt in the sunshine
[??] and heat
Hot [??] do your feet
The ocean makes the beat difficult to define
You can stand fact over time

Like ice in the sunshine (2x)
Melting away on your sunny day
On your sunny day... (2x)

Who am I? (2x)
I'm the voice from your dark side
Dangerous I glide trough your consciousness
Take pride in watchin' this world break down
Into [??], your headiness
Easy to guess which one this is
Feelin' [??] [??]

Like ice in the sunshine (2x)
I'm melting away... On a sunny day
Like ice in the sunshine
I'm melting away... On a sunny day
On a sunny day (2x)

Who am I?
On a sunny day (2x)
