I Was with my girlfriend  
This is {??} Florida  
She took me to this place  
It had al kind of things growing  
She gave me something  
It was a mushroom  
She said "eat it", she said.  
A mushroom, what is that?  
She said "eat it".  
I don't think she {??}  
She's kind of a wild girl  
I don't think she was that wild  
So I, I ate the mushroom  
And I said "It doesn't taste like much"  
She said "Wait a minute"  
So I waited a minute  
I waited a few minutes  
- Filter -  
And the next thing I know, I was walking on clouds  
There were beautiful clouds  
And my girlfriend was talking to me  
While I was walking on the clouds  
And everything felt beautiful  
I almost felt like I didn't have any feet,  
No floor under me  
It was beautiful  
We looked in each other eyes.  
On top of these clouds  
And we were talking with each other  
With our mouths wide open  
And all of a sudden  
She let me go  
But I didn't fall,  
I floated, but I was far away from her.  
Until the next thing I know she wasn't there,  
Knows by myself.  
And I was on gras again  
- Begin of Track 6 -  
Very soft gras  
I walked to the gras (4x)
