(Cass Fox)

For all those who stood up and were counted  
For all those for whom money was no motive  
For all those for whom music was a message  
I want to thank you

For making me  
A little more sure  
A little more wise  
And courageous

You told me to look much further  
You told me to walk much more  
You told me that music matters  
And to chase the dogs back from my door

I won't stop here  
I won't be still until the sun sets  
On us all..

(Maxi Jazz)

Under the sheets with my radio  
Turn down low  
So nobody know  
It's the late night show  
Hopin' to hear 'Hey Joe'  
Jimi was my hero  
Head blown by Todd R. A wizard a true star  
From Dali Lama to Tanamo  
Curtis Mayfield  
to Kurtis Blow  
Singing into my pillow  
And praying I don't dose  
Until my 9 Volt battery goes..

(Cass Fox)

You told me to look much further  
You told me to walk much more  
You told me that music matters  
And to chase the dogs back from my door

I won't stop here  
I won't be still until the sun sets  
On us all..

You told me to look much further  
You told me to walk much more  
You told me that music matters  
And to chase the dogs back from my door

I won't stop here  
I won't be still until the sun sets  
On us all..

You told me that music matters..  
You told me that music matters..  
You told me that music matters..  
You told me that music matters..
