Don't go

I didn't know you'd be here
And I wasn't meant to come
I'd be sitting watching TV
If there was anything decent on
If I'd missed the taxi
Or found nothing good to wear
But for some uncertain reason
Some strange uncertain reason
This is how it all, it all began

Why go, why go
When you could stay a while?
Why go, why go
When you could stay a while?

If I made some coffee
Would you sit and talk some more?
I know words are usually pointless
When you've used them all before
The way your smile fills the room
Stay a while kick off your shoes
Don't go, please stay
It always happen this way

Why go, why go
When you could stay a while?
Why go, why go
When you could stay a while?

The way your smile fills the room
Stay a while
What's there to lose?
The way you laugh when I say
Don't go
Please stay

Why go, why go
When you could stay a while?
Why go, why go
When you could stay a while?

When you could stay with me
Tonight, tonight
