lucy's hiding
i was a teenage werewolf taken
taken by your scene
lucy's hiding
don't be afraid of what you are
if it was only a dream

and if i fall, fall down
and if i sound a little too proud
decision's made, are you coming around?
it's difficult times, i've found

lucy's frightened
i was a teenage werewolf taken
taken by your scene
lucy's fighting
open a vein and paralysed
but it was only a dream

and if i fall, fall down
and if i sound a little too proud
decision's made, are you coming around?
it's difficult times, i've found
i've found

and if i fall, fall down
and if i stand a little too proud
decision's made, are you coming around?
it's difficult times, i've found
i've found
