

## Faktion "No Chance"

Visit "[No Chance](#)" on [MotoLyrics.com](https://MotoLyrics.com)

It's not the way you see me  
It's the way you let me down  
I can't believe that it hurts this much  
When i hear you voice  
You're calling out to me  
Though you know i can't be with you

[chorus]  
So please don't leave  
Just remember to keep some distance  
And remember you've already had your chance with  
me  
I hope you see  
I could never be without you  
Just try to see the way that i see

It's not the way you lead me  
It's the way you drag me down  
I can't believe that it hurts this much  
I still hear your voice

You're calling out to me  
Though you know i can't be with you  
[chorus]

Here it comes that echo i hear ringing in my ears  
I see you [i see you..]  
I see the way you see me  
Here it comes the burning that gets the best of me  
I see you [i see you..]  
I see the way you see me

[chorus 2x]
