"Save The World"

Ah yeah,
The lights go out all the way here across this town
It's hard to believe the way God left is what burned him
out
She told me "love, what do you think does it look like?"
Anything you've dreamt, here in life

Save the world from me
Save the world from me
'Cause everything I touch
Seems to turn to rust
And save the world from me

A foundation of your world has fell apart
So can you find your own way out through the dark
And tell me one thing what do you feel that it looks like
Anything you've felt here in life

Save the world from me (I've known that all along)
Save the world from me (The bridge is burning my
remains)
'Cause everything I touch
Seems to turn to rust
And save the world from me
Yeah

'Cause we can find a place
To learn from our mistakes
And we could heal
We could
Heal
Heal
Heal
We could heal

Save the world from me (I've known that all along)
Save the world from me (The bridge is burning my
remains)
'Cause everything I touch
Seems to turn to rust

And save the world from me
Yeah

Save the world from me ('Cause I've grown tired of
hurting)
Save the world from me (Rebuild the bridges we once
made)
Save the world from me (And I'm tired of trusting
something you can't touch)
And save the world from me

Save the world from me
