By the rail he stands, on black waves he rides  
The tomorrow belongs to him and the queen by his  
side  
Do not fear the storm, master the oaken galley  
And be brave at heart for your king and country

Turn the prow towards the storm  
For it's too late to turn back

Royal galley under the sky  
Ohh, ohh  
Breaking waves oh, so high  
Ohh, ohh

The ship is swaying, great white sails are torn  
Work harder faithful crew or you'll do nothing more  
The firm hand of doom, makes the ship heal  
Rocking out of control, bending up its keel

The imposing galley twists and turns  
Struggling in the wild waves

Royal galley sailing no more  
Ohh, ohh  
The ship is doomed forevermore  
Ohh, ohh

Royal galley sailing no more  
Ohh, ohh  
The ship is doomed forevermore  
Ohh, ohh

Panic and agony hands in the cold air  
As we're heading towards our destiny  
The figurehead is going down towards the black end  
Never to be seen again crossing the seven seas  
Clashing waves are our tragic requiem  
Since the maiden voyage was the last to be

The golden flagship of the fleet  
Is heading for its deepest grave

Royal galley lost at sea  
Ohh, ohh  
Down in the deep, restin' in peace  
Ohh, ohh

Royal galley lost at sea  
Ohh, ohh  
Down in the deep, restin' in peace  
Ohh, ohh

Royal galley lost at sea  
Restin' in peace
