All the feeling's gone now
Go on, you can take the turn
All the Feeling's gone now
Go on, you can take this turn

Right now, I'm on to sever the ties
And reframe the concept
I close my eyes and shut the world out
For a minute now
Into the dark - what's worth left to save
Out of my arms - a promise sold
For comfort's sake, you just can't let it go
The final act: the cunning role

We've gone too far this time
Can' get enough but a mouthful
Fills all my darkest nights
The taste of a curse on my tongue

Sugarcoated untruths, like "I only want you"
Just forgot to mention...
"alright, alright I spent on a backporch,
On the floor, in the sick, not in your arms"
As you turn the world turns with you,
The curtains lift, the lights are on you
And the audience applauds
... and I have disappeared

The story ends on a sad note
The feeling's gone with the strum of the last chord

Lost love equals blame
Lost love turns to hate
I start again but won't forget
The life you knew won't come back

We've gone too far this time
Can' get enough but a mouthful
Fills all my darkest nights
The taste of a curse on my tongue

A toast to you my faceless friend

I bow to you, and carry on
A toast to you my friend
I carried on
