Fill green envelopes and send them to ya  
On train ride, read marx tracts  
Play walkmans loud behind ya  
Demonstrate on oxford street  
About what the hell they couldn't tell ya  
British people in hot weather  
Have a heart-to-heart with your sister  
People in shorts drunk before ya  
Beached whale in wapping  
His armpit hairs are sprouting  
Serpentine ah.... serpentine grrr...  
British people in hot weather  
Press hot houses waste tree statements  
Compare your pearls before the king of monks  
I'm telling ya, oh Do they know they can get cancer?  
Designer tramp goes grrr...  
Looking jolly from stoke  
As he walks through and makes up  
Titles like this, to order  
They're well off their trolley  
Smoking like a chimney  
Bespectacled stare-out  
British people in hot weather  
I was a candidate for club 18-30  
But I've been through all that shit before  
British people in hot weather  
That's it, I'm looking straight for the carlf that?  
s how you feel, let's go  
British people in hot weather
