"Cloud Of Black"

It's stifled It's jealousy Plots behind my back Are all in
it Cloud of black Cloud of black North west
territories Wake up pressurised Every day In low lying
lands The sight every days cloud of grey (take me back
to the old east baby) For silver eyes (cloud of
grey) Lasering my back Cloud of black Wake up
mesmerised (crumbling in the skies) Wake up
mesmerised Crumbling in the skies See a cloud of
white See a cloud of white See a cloud of grey See a
cloud of black Cloud of white Cloud of white And I'll have
it in a cold glass please And not a red hot one Cloud is
gone Cloud is gone Cloud of black Cloud of black
