Do y?know what you look likeBefore you go out? But I  
say happy memoriesLeave a bitter tastel need a good  
brainwash agentTo cut out this present shout of:Do y?  
know what you look likeBefore you go out? That?s why  
you eat crap foodThat?s why nobody talks to youThat?s  
why you messed up everything you doDo y?know what  
you look likeBefore you go out? Look knowLookHe was  
the first one to wear a flying jacket and go to a clubAnd  
she has the general policy of not being seen dead in a  
pubStraight-leg jeans when she goes outThere?s a  
microbe attached to their brains that itchesAnd gives a  
morning shoutDo y?know what you look likeBefore you  
go out? But I say happy memories leave a bitter tastel  
got a prison in meOur bodies weren?t made for times  
like thesel always have a washAnd that?s enoughDo y?  
know what you look likeBefore you go out? You gotta  
know what you look like nowadaysBefore you go outOr  
some existential crap will write about youThey say don?  
t drink alcohol!You gotta know what you look like,  
oh!Before you go outKnow, look, lookBut I say get it  
down yer neckEin beerAnd I will you and you attack  
attackPure satre foodCatchment clubDo y?know what  
you look likeBefore you go out? With all the fashions  
you filched off faggotsWith all the fashions you filched  
off faggotsDo y?know what you look likeBefore you go  
out? Here?s health!
