The mixer is close to me  
He turns his head and smiles  
at me.  
And I'm am glad  
He earns my salary.  
The mixer  
In espanol restaurants  
The people and staff they clap  
The mixer sweats  
In comic type letters the voices are  
saying  
Clap, clap  
The mixer  
Sweats  
The mixer sweats  
The mixer of jamaican origin  
Born, raised in the  
us\*  
Observes the victorian [press/prayer]  
Clap, clap,

Clap, clap  
The blbds is overeasly on the

And the mixer sweats.  
[first equipment line]  
[second equipment line]  
The mixer is  
close to me  
He turns his head  
And smiles at  
me\*\*  
[spoken] ?it possessed the sort of bright sound  
microphone with audio pickup pattern.  
It can produce  
broad responses, hi-fidelity quality, no feedback and  
noHowling etc. we can express good sound of your  
voice, an excellent  
Melody orchestra, a self-contained  
filter control, explosive breath  
Sounds, controlled  
explosive breath sounds ..... wind noises, in  
Different  
locations.....?  
Mixer sweats
