You got manny in the library  
Working off his hangover 3:30  
You get the spleen at 3:15  
But it's 3:13

The mad kid walked left-side south-side towards me  
He was about 7  
His mother was a cleaning lady  
She had a large black dog  
And the mad kid said:  
"gimme the lead  
Gimme the lead  
Gimme the lead"  
I'd just walked past the alcoholics' dry-out house  
The lawn was littered with cans of barbican  
There was a feminist's austin maxi parked outside  
With anti-nicotine anti-nuclear stickers on the side  
...on the inside and they didn't even smoke...

Anyway two weeks before the mad kid had said to me  
"i'll take both of you on,  
I'll take both of you on"  
Then he seemed the young one  
He had a parka on and a black cardboard archbishop's  
hat  
With a green-fuzz skull and crossbones  
He'd just got back from the backward kids' party  
Anyway then he seemed the young one  
But now he looked like the victim of a pogrom

Winter #2

On the first floor of the dryout house  
Was a replica dartboard  
And the man on the floor  
Sorta went out of window, over the lawn  
And round to the mad kid  
"please take this medallion,  
Please wear this medallion.  
It's no sign of authority.  
Wear the gold and put it on"

Courtesy winter  
(winter)

So [around the] mad kid  
Man on the first floor said  
"i just looked round  
I just looked round  
I just looked round  
"and my youth it was sold"

Two white doves cross the sky  
There fly krakens  
And sometimes, that little.....  
Makes me tremble  
Courtesy winter

The mad kid had 4 lights, the average is 2.5 lights  
The mediocre has 2 lights, the sign of genius is three  
lights  
There's one light left, that's the one light  
That's the science law
