All that is gone is shredded by the auto-man  
The glass ceiling it did shake and then it did undulate  
Dont take the pizza off me  
Slumber I told yer

Dont take the pizza off me

Birmingham nonsense from city there once was bronze  
Qed each day  
Qed is quid each day

Dont take the pizza off me  
Dont take it...

Your brain splits each day from information anxiety  
From me pinch I cringe  
You dopey randy acid clone

Dont take the pizza off me

Slash fat cats  
See vamp watch out  
Get rid of straight away

Dont take the pizza off me  
Dont pick up mind track
