Hit!

Hit the North (all estate agents...) Manacled to the cit...

Those useless MPs

Hit the North

Manacled to the cit...

Those useless MPs

Hit the North

Just savages

All estate agents alive yell down the night in hysterical  
breath

The government say, the government says

Go forth, go forth

With all the lights so pretty

In the reflected mirror of delirium, Eastender and  
Victorian

lager,

the induced call, mysterious, comes forth - Hit the  
North
