The dwarf plays pool to prove his height  
People play games when they lose at life  
There's no sport, lad, just acid tension stomach flared.  
A madness in my area  
I have seen the good and bad  
I have seen declining tracks, [climbing tracks?]  
I have seen the madness in my area  
Honor served time till I'm asked about it  
Years cross-checked, days become a take  
Can't remember who I sacked, just stupid faces looking  
bad  
The madness in my area  
I have seen the good and bad  
I have seen declining tracks  
I have seen the madness in my area  
Former friends suck on the Fall  
Genuine white crap, I recall.  
Their future cries  
of broken pain are idiot victims'.  
Just adds to the madness in my area  
I have seen the good and bad  
I have seen declining tracks  
I have seen the madness in my area  
You've got comics in full bloom  
McCarthy reincarnates soon  
See the bones on the two-way faces  
The me generation  
See the traces of  
The madness in my area  
I have seen the good and bad  
I have seen the declining tracks  
I have seen the madness in my area  
I have seen the burrowmen  
Frozen pain that is so bad  
I have seen the madness in my area  
Madness in my empire  
In the writer  
In the Berlin fighter  
In the mirror  
A doppelganger  
The used satire
