Nighttime is the right time to hear our desperate call
We hide from everyone
And blackness coats the walls
This pain is innocent
But the scars are running deep
Locked in our private world
The only thing I see is

[Bridge]

Red door, black walls
No one else can hear our calls tonight
Tonight

[Chorus]

There's no hope for tomorrow
So we're drownin' in our sorrow
And this pain won't go away
Will you lead or will you follow
When hope is hard to swallow
We're the hated youth of today

Dark Eyes and searing lies
Our days become our night
From grace we will fall
And the only thing I see is

[Bridge]

Red door, black walls
No one else can hear our calls tonight
Tonight

[Chorus]

There's no hope for tomorrow
So we're drownin' in our sorrow
And this pain won't go away
Will you lead or will you follow
When hope is hard to swallow
We're the hated youth of today

Make no mistake
The hated youth
Will lead the way

We will not be refused

[Chorus]

There's no hope for tomorrow
So we're drownin' in our sorrow
And this pain won't go away
Will you lead or will you follow
When hope is hard to swallow
We're the hated youth of today
